

For the NCIE website, you can create a dedicated "**Government Schemes & Student Support**" section. Only include schemes that are genuine, currently applicable, and clearly state that NCIE is an awareness and facilitation platform unless your organization is officially authorized to implement them.

You can organize the page as follows:

Government Initiatives

-

Important Disclaimer

Disclaimer: NCIE (National Council for Innovation & Entrepreneurship) provides information, awareness, mentoring, training, and facilitation regarding various Government of India and State Government schemes. NCIE does not sanction, approve, guarantee, or disburse any government loan, scholarship, grant, subsidy, or financial assistance. All schemes are administered by their respective ministries, departments, banks, and authorized agencies. Applicants should verify the latest eligibility criteria and guidelines through the respective official government portals before applying.
